ANKITA PRAMANICK

Business Intelligence Associate

Data Analyst | Power BI Developer | Market Intelligence

Kolkata, West Bengal | +91-9830323620 | ankitapramanick23@gmail.com | LinkedIn

PROFESSIONAL SUMMARY

Business Intelligence Associate with 4+ years of experience in market research and analytics for global FMCG and CPG Clients – Reckitt Benckiser, Mars & Wrigley, Mondelez, SCJ, Diageo, Kellanova, Brown-Forman, and P&G. Delivered measurable business impact, including a 15% increase in brand sales through 12+ Power BI dashboards and a 10+ hour weekly reduction in manual reporting through automated workflows. Skilled in SQL, Power BI, DAX, Power Query, and Advanced Excel to design end-to-end ETL pipelines, build scalable data models, and develop interactive dashboards that turn complex, multi-source datasets into actionable business insights. Strong record in KPI tracking, forecasting, Root Cause Analysis (RCA), Customer Segmentation, and decision support. Automated reporting workflows, managed cross-functional stakeholder requirements, and translated analytical findings into recommendations that influenced business decisions. Received multiple Certificates of Appreciation at NIQ for excellence in timely project delivery, data accuracy, and report automation.

TECHNICAL SKILLS

- **SQL & Data:** ETL, Joins, CTEs, Window Functions, Subqueries, Aggregations, Query Optimization, Data Warehousing.
- **Business Intelligence & Visualization:** Power BI Desktop & Service, DAX, Calculated Columns, Star & Snowflake Schema, Power Query (M Code Language), Data Modelling, Power BI Dashboard Design, KPI Tracking, Row-Level Security (RLS).
- **Advanced Excel and PowerPoint:** Pivot Tables, XLOOKUP/VLOOKUP, Conditional Functions, Power Pivot, Conditional Functions, Power Pivot, Conditional Formatting, Client-Ready PowerPoint Reporting.
- **Data Analytics & Reporting:** Statistics, Root Cause Analysis (RCA), Exploratory Data Analysis (EDA), Data Preparation, Data Cleaning, Data Transformation, Automation, Customer Segmentation, Profitability Analysis.
- **Collaboration & Delivery:** Stakeholder Management, Cross-Functional Collaboration, Client Reporting, Project Ownership, Ad-Hoc Analysis, Data-Driven Decision Support.
- **Domain Expertise:** Market Research, FMCG Retail Measurement (RMS), Consumer Panel Services (CPS), Omnishopper Insights.

PROFESSIONAL EXPERIENCE

BI Associate **July 2024 – Present**

NielsenIQ (NIQ), Pune

- Extracted and combined 200K+ rows of FMCG Retail (RMS), Consumer Panel Services (CPS), and Omnishopper data spanning customer, product, brand, retail, and market-level records from multiple legacy and Excel sources.
- Performed end-to-end data cleansing, filtering, aggregation, and transformation in SQL, Power Query, and Excel to produce clean, analysis-ready datasets for business intelligence reporting.
- Built Star Schema data models and fact-dimension relationships after validation, and developed dynamic advanced DAX measures (CALCULATE, Time Intelligence for YTD/MoM) and calculated columns to perform customer-level and time-based analysis.
- Developed 12+ interactive Power BI dashboards with 16+ KPIs and visualizations to monitor customer loyalty, repeat purchase behaviour, sales and profit trends, and category and geographical performance across 4 regions, driving a 15% brand sales growth.
- Performed brand-switching, profitability, customer retention, and performance analysis; conducted Root Cause Analysis (RCA) to identify high-risk customer segments responsible for 20% of overall churn, informing targeted retention strategies.
- Led stakeholder management for 6+ cross-functional teams and client stakeholders, turning analytical results into actionable recommendations for regional and global reporting projects, and integrated findings into client-ready PowerPoint presentations for data storytelling.
- Implemented Row-Level Security (RLS) for 50+ users and automated Power BI data refreshes, reducing manual reporting time by 10+ hours per week.

Research Associate **Nov 2022 – Jun 2024**

NielsenIQ (NIQ), Remote

- Collaborated with UK and global client teams to automate reporting processes, improving efficiency by 30%.
- Extracted shopper and retail insights from complex datasets, contributing to client growth.
- Monitored and escalated critical data queries and challenges faced by UK teams, ensuring timely resolution and smooth client delivery.
- Provided day-to-day support to UK and global teams, ensuring smooth collaboration and accurate client deliverables.
- Owned end-to-end project lifecycle from client briefs to final insight delivery with minimal oversight.
- Built strong working relationships with UK stakeholders, proactively identifying client needs and providing tailored solutions.

PROJECTS

Global Brand Performance & Competitive Analytics

Excel, Power Query, DAX, Power BI, Visualizations

- Imported and prepared 50K+ rows of retail sales data from Excel; performed data cleaning, transformation, and preparation in Power Query to produce well-structured, analysis-ready datasets.
- Designed a 3-table Star Schema data model, built and validated fact and dimension table relationships, and created 8+ dynamic DAX measures including Total Profit, Total Sales, Profit Margin %, and YoY Growth % to support performance analysis.
- Developed an interactive Power BI dashboard with 4+ KPIs and 10+ visualizations, including slicers, trend analysis, regional and category performance views, and top 10 product and customer analysis to evaluate sales and profitability.
- Analysed sales trends, customer and product performance, geographical contribution, and profit margins; identified loss-making products and high-sales/low-margin regions, and pinpointed key drivers of revenue growth and profitability.

CERTIFICATES

- Snowflake Certification Badge (2026)
- SQL Internship, Ivy Professional School (Aug 2022 – Sep 2022)

AWARDS AND RECOGNITION

- Change Management Certificate — recognized for effectively managing onshore change requests.
- Complex Report Building Award — developed complex reports for client Mondelez, showcasing advanced technical skills in data reporting and visualization.
- Critical Client Handling Recognition — acknowledged for effective management and delivery of numerous critical reports for Mars Wrigley, ensuring consistency, accuracy, and timeliness.

EDUCATION

M.A. in Economics, University of Calcutta, Kolkata **2020 – 2022**

Relevant Courses: Econometrics, Statistics, Operations Research

B.A. in Economics, Chandernagore College, Chandannagar **2017 – 2020**

Relevant Courses: Econometrics, Statistics
